Compliance Statement to REACH Regulation for its semiconductor products in brand ams and OSRAM (EC) No. 1907/2006

Entered into force on 1 June 2007, Regulation (EC) No 1907/2006 concerning the Registration, Evaluation, Authorization and Restriction of Chemicals (REACH) aims to improve the protection of human health and the environment from the risks posed by chemicals, while enhancing the competitiveness of the business industries.

We, based on best available information provided by our suppliers, declare our compliance to the 223 substances of very high concern (SVHC) published on 18 January 2022. None of the Candidate List substances is exceeding 0.1% (weight) in a semiconductor article. Our semiconductor products do not contain substances as listed in REACH Annex XVII exceeding the relevant limits. Our AG semiconductor products are “articles”, not chemicals, Safety Data Sheets are not applicable.

More information on the regulation and related directives to which our semiconductor products comply can be viewed here:

- REACH Regulation ((EC) No 1907/2006)
- REACH – SVHC candidate List (<https://echa.europa.eu/candidate-list-table>)
- REACH Annex XVII Substances (<https://echa.europa.eu/substances-restricted-under-reach>)
- RoHS Directive (Directive 2011/65/EU) and the 4 Phthalates (Directive (EU) 2015/863)
- End-of-life vehicles – ELV (Directive 2000/53/EC)
- Packaging Directive (Directive 94/62/EC)

We continue to monitor our semiconductor products and the supply chain for the requirements posed by the regulations. For other inquiries, please visit our webpage ([ams OSRAM Semiconductor Environmental Product Stewardship](#)) or contact your respective sales representative for the material declarations of specific semiconductor products.

The information provided in this statement represents our knowledge and belief as of the date that it is provided. We base our knowledge and belief on information provided by third parties and make no representation or warranty as to the accuracy and shall have no liability for the consequences of use of such information. We have taken and continue to take reasonable steps to provide representative and accurate information but may not have conducted destructive testing or chemical analysis on incoming materials and chemicals. We and our suppliers consider certain information to be proprietary, and thus CAS numbers and other limited information may not be available for release.
